John Eakins wins with landslide

John Eakins, Re-elected Liberal Member of Parliament for Victoria-Haliburton told The Echo, that he is never a great optimist when it comes to predicting elections, and his margin of victory was greater than he had ever expected.

Mr. Eakins later explained that he generally is optimistic but he never likes to let it show.

He said that it feels great to be part of the opposition and that Dr. Stuart Smith, leader of the Ontario Liberal Party was the "big winner in the campaign."

"I am very proud of Dr. Stuart Smith," Mr. Eakins said as he noted that he had been elected in his constituency and recalled that he had nominated Dr. Stuart Smith at the leadership

convention which he won after long-time leader Robert Nixon stepped down.

"I hope the present legislature will last the full term," Mr. Eakins declared as he reminded his listeners "I made no promises during the campaign and I am making none tonight. I'll give you the same service as I have endeavored to give you during the past one-

and-a-half years. Now the election is over we'll work for everyone and I appreciate the spirit you have shown."

In his opening remarks Mr. Eakins said "I am tremendously grateful to the very many people who worked for me in this my fourth campaign. More and more came out to take part in this democratic process."

Saying he was reluctant to start naming names when it came to giving credit to those who had worked for him, Mr. Eakins said experience had shown that when he had done this in the past, he invariably remembered when he got home he had forgotten to mention 'so-and-so'. For that reason he said he would mention only three of his key personnel in

this campaign - his manager, Douglas Fisher, office secretary Jane Walling and John O'Reilly who had chaffered him about the riding. These persons were "symbolic of the thousands of people" who had given him their support, he said.

Impressed with the majorities he had achieved in the traditional Haliburton Highland Tory stomping

ground, the MPP re-elected said "I would like to send a message to my good friends in Haliburton for the tremendous support given me."

Reflecting briefly on the political history of the riding, Mr. Eakins paid tribute to the late William Newman who was both successful and defeated on a Liberal ticket at provincial level. He also

recalled the devoted contribution to the party's cause by the late Cliff Benson who not only contested the riding but served in many other capacities.

Mr. Eakins was preceded by his brother Ernie who voiced personal and family pride in the success achieved by the brother he once had to baby sit.

THE HALIBURTON COUNTY ECHO

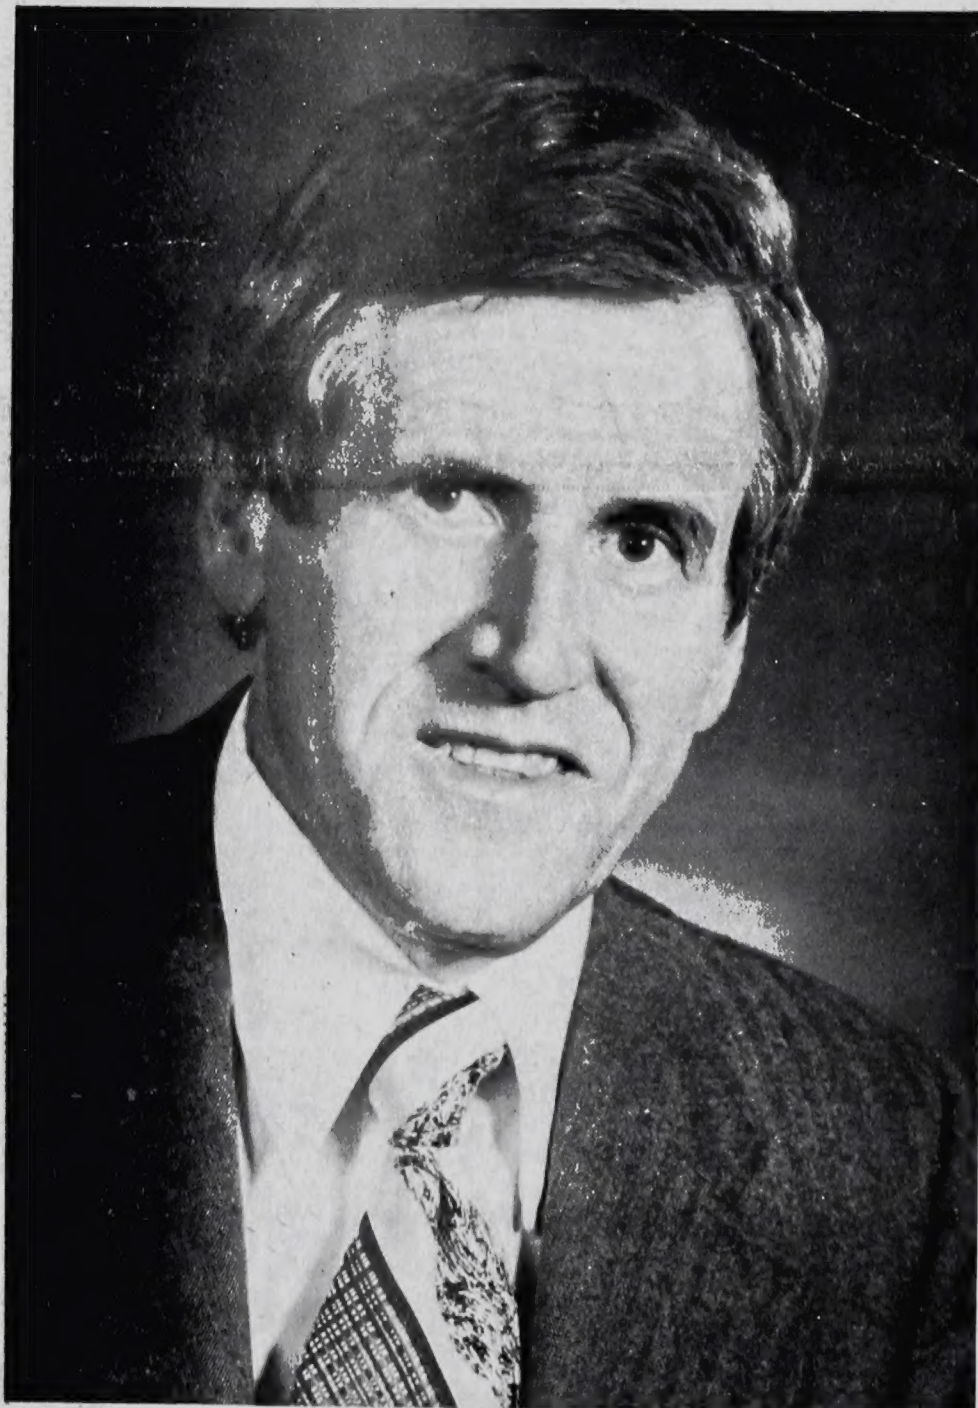

Vol. 94, No. 42

Wednesday, June 15, 1977

"The voice of the Highlands" since 1882

20 cents

Vote evenly spread throughout riding of Victoria-Haliburton

Re-elected Liberal MPP for Victoria-Haliburton, John Eakins was surprised at the size of his victory in last week's election. Eakins took the election by almost 5,000 votes over Progressive Conservative candidate Jim Webster and 12,500 votes over New Democratic Candidate Fred McLaughlin.

Eakins polled a total of 15,231 votes, compared to 10,358 for Webster and 2,795 for McLaughlin.

Significant in the victory was that the incumbent won 114 out of 137 polls. One poll, Sherbourne, Livingston, McClintock ended tied at 66 each for Webster and Eakins.

In Haliburton County the election was almost all Eakins. In Minden he came up with a total of 739 to 510 for Webster and 58 for McLaughlin.

Cardiff, which included part of Wilberforce, came up with 294 votes for Eakins, 243 for Webster and 94 for McLaughlin.

The area of Dysart et al, which the last election voted in favor of the Progressive Conservatives, went for Liberal John Eakins this time.

Eakins totalled 1,109 in Haliburton's largest municipality, compared to 671 for Webster and 130 for McLaughlin.

Lutterworth Township, in its one poll came up with 140 votes for Eakins, 115 for Webster and 36 for McLaughlin.

The Lawrence, McClintock, Nightingale poll, which is partly in the county totalled 52 votes in a losing cause for Webster, 22 for McLaughlin and a last place 20 for Eakins.

Monmouth Township, with the Village of Wilberforce went 191 for Eakins, 157 for Webster and 45 for McLaughlin.

Haliburton County produced the only tie, in Sherbourne, McClintock and Livingston which went 66 Eakins, 66 Webster and 23 McLaughlin.

In Snowdon Township, Eakins polled 174 votes compared to 98 for Webster and 47 for McLaughlin.

Stanhope Township voted almost two to one in favor of Eakins with 297 votes going for Eakins, 145 for Webster and only 38 for McLaughlin.

Glamorgan Township gave

Eakins 114 votes to 79 for Webster and 43 for McLaughlin.

The total Haliburton County vote was 3,144 for Eakins, 2,136 for Webster and 536 for McLaughlin.

Eakins margin of victory was almost set when Haliburton County's 1,000 vote difference was coupled with a 2,000 vote difference in the Town of Lindsay.

Girl safe after being lost in area bush

A 14-year-old Walkerton girl is safe after spending Monday night in the bush near Bark Lake Camp.

The Minden detachment of the Ontario Provincial Police report that Christine Sigfried walked into a house in Gooderham after spending 19½ hours trying to find her way out of the bush. She got lost on her first day at the camp.

Const. Wim Magee, information officer for the Minden detachment of the Ontario Provincial Police told this newspaper that shortly after the girls arrival at Bark Lake Provincial Leadership Camp she along with the rest of the group set out for a walk.

Constable Magee said that when the group returned at about 4:30 p.m. Christine was not with them. He said that the Minden detachment of the OPP was notified at about 9:30 p.m.

At 6:30 p.m. Tuesday morning seven officers set out to search for the girl. They were led by Corp. Peter Alexander. They were joined in the search later by Const. Paul MacNeil and police dog Scout from Peterborough.

As the morning went on an OPP helicopter from Toronto joined in the search and then two employees of the Ministry of Natural Resources searched the Koshong Lake area.

Christine appeared at the Gooderham home at about noon hour, suffering from bites after spending the night walking five or six miles through the bush.

Safe is found

A conservation officer with the Ministry of Natural Resources found the safe stolen last week from Haliburton Lumber in Haliburton.

The Minden detachment of the Ontario Provincial Police report that OPP Const. Bill Clendenning was called to a sight at Missisauqua Lake, off of Highway 507, by the officer.

The contents of the safe had been removed.

Katharine Woods, 2, daughter of Mr. and Mrs. Tim Woods of Gooderham was one of the many to participate in the annual Victoria Street School Fun Night held last week. Although Katharine isn't old enough to attend school she certainly seemed to enjoy the fun.

Lake resident protests beach

A recent Dysart et al council decision to create a swimming beach at Eagle Lake caused on lake resident to protest to council at Monday's meeting.

Ann Lee of Silver Eagle Cottages appeared before council with another resident to tell council that the swimming beach will be detrimental to her business.

Mrs. Lee claimed that public access to the beach will result in a 20 per cent drop in her business due to a loss of privacy, in a period of declining tourism.

"And you're not doing much to help with things like this," she said.

She charged that, "No consideration was given to us and to Mr. Marshall (another cottage owner on the lake)".

Reeve Murray Fearrey noted that the charge was without basis as council was in fact giving the lake cottagers every consideration, but council has to consider other people as well.

He pointed out that when Mrs. Lee purchased across the lake from land slated for a public park they knew it could all have been developed as a public park.

He noted that council had sold some of the lot planned to be used for the park to the Silver Eagle and that council had not gone to the extreme of letting cars go down to the beach, installing picnic tables and washrooms.

The current plan calls for a 15-foot path down to the beach with the entrance chained off to prevent cars from going down. At the top will be a parking space for two to three cars.

Mr. Fearrey said the beach is to be created at the request of lot owners who live up the hill, with Sir Sam's Road between them and the lake.

Mrs. Lee said, "you give the public an inch and they'll take a mile. If they're not supervised there's going to be trouble." She said that she felt it would add to vandalism to the cottages.

Referring to Mrs. Lee's estimated business loss Mr. Fearrey said, "It's fine to quote figures like that, but it's just a sandy beach." He noted

See page 14

Brink of epidemic medical officer claims

Ontario sits on the brink of an epidemic which could be brought on, not through the fault of medical science, but through common neglect, Dr. Mikel, our Medical Officer of Health stated.

Dr. Don Mikel called the state of immunization "deplorable". He is over-seeing of adult immunization clinics against polio and tetanus, to be held throughout Haliburton and Victoria County during the months of June, July and August. Dates for specific localities will be publicized by the Health Unit later. Dr. Mikel said approximately 65% of the population would have to be immunized to avoid an epidemic. To have no occurrences of a disease at all, about 80 per cent would

have to be immunized. Immunization is dropping. Its state is so deplorable we thought it was time to hold these clinics.

Anyone who has never been immunized against polio or tetanus, or who has not been vaccinated in the last five years against one or both of these diseases should come to the clinics. Dr. Mikel said over immunization is possible, although not likely; and people who could not remember the date of their booster should consult their doctor.

Dr. Mikel said there has been an area death from tetanus in the past few months, which was the first encountered by this Health Unit in perhaps 30 years. The doctor would not specify

the town, but said the individual lived in substandard conditions.

Tetanus is transmitted through the faeces of livestock. It is a disease which may follow puncture wounds or other injuries, particularly those involving contact with street dust or soil.

Polio is a paralytic and crippling disease which was prevalent before vaccine was available, but which could reoccur.

Dr. Mikel said children are immunized periodically under the supervision of the health unit, via the school board.

There will be an immunization clinic in the Minden Ambulance quarters on June 29, from 2 to 7 p.m.

Debate could be worth thousands of dollars

The debates held during today's Ontario Municipal Board hearing at 1 p.m. in the Minden council chambers could be worth thousands of dollars.

The big item to debate will be an appeal of the Haliburton County apportionment, or how much each of the ten townships will pay towards the county's total taxes.

Anson, Hindon and Minden township, Stanhope, McClintock and Livingstone township have jointly hired a lawyer to argue their case, says Richard Parisotto, clerk administrator for Anson, Hindon and Minden.

Dysart et al township, Cardiff township and Snowdon township will be represented by their lawyer, says Dysart Reeve Murray Fearrey. Other townships will also be represented at the public meeting.

The debate arises from charges that the current apportionment is not fair. The apportionment is based on assessment figures released by the provincial

government, which assumed that responsibility in 1969, to equalize the tax system.

New assessment figures were recently released which Anson, Hindon and Minden; Stanhope and Sherborne, McClintock and Livingstone claim as proof that they are currently paying too much of the county tax load.

"The new figures prove that we are grossly over-assessed and that Dysart is grossly under-assessed," claims Mr. Parisotto.

The higher the market value of property in a township then a proportionally higher amount of the county taxes is paid by the township.

However, Mr. Fearrey maintains that the new figures are not necessarily fair and they have not been tried by a Court of Revision as required by the Municipal act.

"When market value assessment is introduced and tempered to allow for undue burdens that will exist, then this municipality will have not alternative but to accept," says Mr. Fearrey. He notes that the current

method of assessment has many inequalities within the municipalities, the assessment procedure being frozen since the province took over the responsibility. He adds that the new figures released do not reflect the proposals of the Blair Commission on Property Tax Reform.

He says that if the province is going to use inequal methods of assessment then it "should subsidize those adversely affected municipalities by mill rate subsidies to alleviate those

subsidies to alleviate any undue burdens, until such time as they can bring in new assessment lawfully and in a proper manner that is fair to all concerned.

"There could be errors in those figures," says Mr. Fearrey, "they haven't been tried or tested."

Mr. Parisotto counters that "Because the government has been dragging its feet on market assessment, no one can consider it fair that Minden taxpayers pay extra."

Contemporary '77 in village

The Council for Canadian Unity's Canada Week Contemporary '77 is coming to Haliburton County for three days, June 15, 16 and 17 at the Guild of Fine Arts.

News from Extendicare

Wednesday was the "Walk a day in my shoes" program. We residents were only privileged spectators. 30 nurses attended this exercise, 20 from here, 8 from Hyland Crest and 2 from the Ministry of Health. Nursing personnel were to enact the role of the patient for the day whether it be disorders of hearing, sight, gait, sensation, mind, speech and various others. Among themselves it was often amusing, but when it came to the real thing there was no levity. Coffee was served at the start, lunch at noon. All participants felt that this was a successful meeting.

Mrs. Miriam Lewis the supervisor of our activities has been advised to take things easy a few days which will leave us at loose ends until she returns. It seems that when she is here she is taken for granted, but when she is not she is greatly missed.

This election gave us a surprise to find the poll right in this building, so we could vote at home. The poll itself was of interest P.C. 14, Lib. 14, NDP 2, Spoiled 1.

The scheduled cleric did not show for our devotional period Friday morning, so our reliable Mr. Charles Plewman, the on leave writer of this column, obliged us by leading the worship. His theme was "love" that without it there is nothing.

The rodeo in the afternoon was a great success with a large number of near and far vicinity attending. The hay ride was fun, the motive power by a team of heavy draft black horses who like us seemed to be in a festive mood. It was well patronized. Besides the shuffleboard were various lawn games each of which gave prizes for special skills. Then came time for the steak barbecue which with the trimmings provided a hefty meal for all. Early in the evening there was music and dancing on the front blacktop. Everything proceeded smoothly. Later in the evening and inside in the lounge Phil Finlay and his group provided us with live music. A good time was had by all.

During these festivities, who should arrive back by ambulance by Charlie Rumbelow who spent a week in a Peterborough hospital for surgery. He will be taking it easy for a few days.

This building which is our home is heated and serviced by electricity, so naturally we dread a blackout. Ontario is criss-crossed by many high power lines which at present are carrying very high loads for the use of all people and some to spare, generated by hydro, steam turbines and nuclear. All of this has been accomplished despite the ever increasing voice of the protesters, who protest power lines, the smoke from the turbines, and the disposal of nuclear waste. In the world over there are now quite a number of nuclear plants none of which has had a major accident. It would seem that it is safe to place our trust in those intellectuals who engineer these nuclear power units. Otherwise the common energy unit often used is in the million barrels of oil daily. What possible substitute can take the place of that enormous power, unless it is nuclear. It is said that there is enough power in the average ocean breaker to hear and service the average home for a month, but what harness can be used. It will need a great number of solar panels to equal one barrel of oil, or the equivalent in coal and so the argument can go on and on. However a persistence in the pursuit of sources of power other than nuclear is to be encouraged. Many of us consider it to be a great privilege to be living in this intensely interesting if somewhat remotely dangerous era. At the beginning of this century nuclear power was unthinkable but now it is inevitable.

On Sunday afternoon Capt. Burry of the Haliburton Salvation Army brought us the Renfrew Young People's singing group who treated us to a songfest of hymns. These children were a well trained group of children in the leadership of Mrs. Capt. Don Wheeler.

Among the many artists coming to the show are Geraldine Balint, pottery; Dorothy Caldwell, batik, textiles; Wayne Cardinali, pottery; Fran Dorsey; Anne Emerson, pottery; Murray Fallaise, iron and metal sculpture; Noni Farwell, weaving; Carole Finn, pottery; Julie Graye, 3-D weaving (the last two are both from Minden); Shirley Harrison, weaving; Jane Heyes, stained glass; Bob Kavanagh, pottery, stoneware; Peter Kanter, painter; Elizabeth Luzak, macrame; Thomas Main, photography; Pat MacDonald; Kathy McHolm, water colors, pen and ink; Jeanne McRight, porcelain and stoneware tiles; Mary Olivella, batik, watercolors and oils; Carrie Osborne, batik, textiles; Ken Quinn, pottery; Maureen Remington, watercolors; Michael Robinson, glass; Bill Rowland, pottery; Lawrence Scobbie, enamel on copper, silver, cloisonne, wire; Joan Sirt fabric art; Beverly Williams, textiles; Paul Williams, leather.

Bill Smiley

There's a big black cloud hanging over this country, and despite the veritable hurricanes of hot air emitted by politicians, it refuses to blow away. It's name is Unemployment.

If you have noticed that not so many people seem to belong to the curling club or the golf club as there were, don't imagine for a minute that for some reason, there is a drop of interest in the sport and the conviviality of these social oases in the desert of our lives.

It's simply and purely that a heck of a lot of guys and gals can't afford the fees any more, because they are simply and purely out of work.

As a child of the Depression, I grew up under that big black cloud, and I know

full well what a brooding shadow it can cast over an individual or a family. It hung over mine for more than a decade, and it left its marks on the soul, if not the body.

Let's take an average family of today confronted by this spectre, without any preparation for it. Jack has worked for 15 years in a plant. Working conditions were good. Pay was good, and got better every time the union growled. Jack belonged to the union, but didn't attend meetings. He had worked up to \$14,000 a year as a foreman. Pretty good for a guy with Grade 12.

His wife Jean has been working, too, for the past seven years, since she got the kids off to school. She was pulling in \$7,000. Between them, they had a good income. Like everybody else, they wanted the good life. Bought a house, with a 30-year mortgage. Traded the car every three years, on a bank loan. Plunged for a boat. Enjoyed a week's holiday in the south each winter, and two week's at a rented cottage in the summer. Even went to Europe last year.

No real financial problem, although spare money seemed rather scanty, with inflation. But all payments met on time.

Suddenly the roof fell in. Jean's job was declared redundant as the small firm she worked for tightened its belt against rising costs. She tried for another, but there were 10 younger women, with more skills, for every job she applied for. With a rather forced laugh, she told friends she'd decided to stay home and be a housewife. And, after all, she was collecting unemployment insurance.

Still no real financial problem. They the pogy ran out. Canada - Manpower, that hunk of bureaucracy as useful as teats on a bull, had nothing for her.

Then - earthquake! Jack's company announced, with the utmost regret, that it would be closing permanently within a month. In business double talk, the employees were informed that for some vague reason to do with the parent plant in the States, it was no longer feasible to maintain production at the local plant. Translation: the fat federal subsidies the company got to build the local plant had run out, along with the special local tax deal.

Minden News

by Jeanne Sears

Sincere sympathy goes to the families and friends of the late Mrs. J.W. Lyons, Maxwell Archer, Mrs. Maurice Cook and Miss Dorothy Clark whose funerals were since last week.

Familiar faces visiting friends in the village were Bert and Lionel Rowe of Scarborough.

Congratulations to the newlyweds Mr. and Mrs. C.J. Corvinnelli (nee Marianne Dollo) who were married on Saturday.

Mr. and Mrs. Phil Robinson and Bradley visited over the weekend with Mr. and Mrs. Jack Rosser and Barbara at Ailsa Craig.

There was Open House at the home of Mr. and Mrs. Fred Barry last Sunday afternoon when about 150 people called on this couple on the occasion of their 40th Wedding Anniversary. They had a lovely buffet and tea and the table was centred by an anniversary cake. They received a portable T.V. and stand and Pearl, a heart-shaped locket and Fred a pocket watch and chain. Guests from a distance

included Mr. and Mrs. Arnold McElwain and Mr. and Mrs. Les Hagan all of Lindsay and Mr. and Mrs. B. Farrar from Kingston as well as many from this County. The community sends belated good wishes to this happy couple.

All his friends send good wishes to Floyd Hall who has been in the hospital.

Saturday guests with her parents Mr. and Mrs. M. Sears were Mr. and Mrs. Reg Leaman and family of River Drive Park.

90 general occurrences

Members of the Minden detachment of the Ontario Provincial Police investigated three motor vehicle collisions and 90 general occurrences during the week of June 6 to 12.

There were three breakings reported, three persons charged with Liquor Licence Act violations, five persons charged with Impaired driving and two compassionate messages delivered.

Ever had the first three digits right
and then ended up not winning a prize?
Starting June 23rd draw:

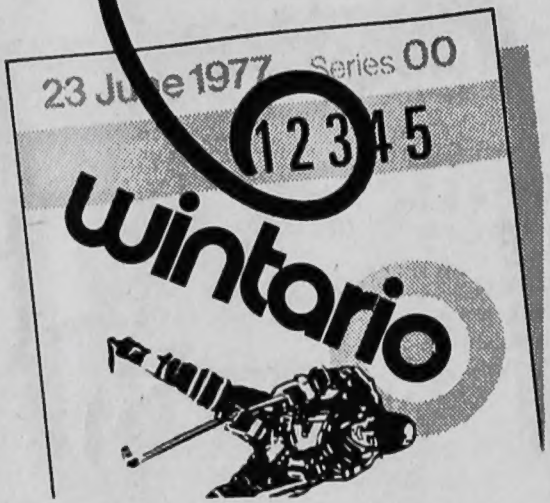

You win 5 tickets* for the next draw if you get the first three digits right.

We know how it is. Sometimes you get the first three digits right, and then just as you think you've got it made, you find you didn't even win \$25. Well, Wintario wants everyone to win. So we've changed the game a little. We've added more prizes. (There are now more than twice as many - every draw!) And we've given every player more chances to win.

Here's how it works. Starting with the June 23rd draw, if the first three digits on your ticket are identical to, and in the same order as, the first three digits of any of the five Winning Numbers, you win a book of 5 tickets for the next draw - on us. A nice little windfall.

So what are you waiting for? Get a ticket - or a book of tickets - and play the game, every other Thursday night at 9:00, live on TV.

*These prize tickets must be claimed within two weeks of the draw - and only from designated retailers displaying this sign.

Now more than
twice as many prizes.
And still just a buck!

Wintario

We all win

Mosquito control project of provincial government

The Ontario Government is working with municipalities in southern and southwestern Ontario on a second year of mosquito control to curb St. Louis encephalitis, Environment Minister George

Congratulations for election winner

New Democratic Party Candidate Fred McLaughlin was the first political opponent to congratulate John Eakins on his victory in last week's election.

Mr. McLaughlin congratulated Mr. Eakins on the victory and wished him well for his next term in office.

Progressive Conservative Candidate Jim Webster, arrived at the Eakins' "victory party" a few minutes after Mr. McLaughlin and expressed his wishes for a productive term in office.

Mr. Webster later said that he is disappointed but it was a good campaign, clean and above board.

Mr. Webster said, "John is to be congratulated on his success and I wish him well as I do Mr. McLaughlin."

Mr. Kerr and Health Minister Dennis Timbrell announced today.

After an outbreak of mosquito-borne encephalitis in 1975 affecting 67 Ontario residents, Health and Environment officials designated the area south of an imaginary line between Toronto and Sarnia as a high-risk area and began municipal mosquito control and public education programs to reduce the threat from the virus for 1976.

"Last year weather conditions, provincial/municipal control programs and protective measures taken on the part of concerned citizens reduced mosquito populations," said Mr. Kerr.

"The number of confirmed cases of St. Louis encephalitis was greatly reduced from 67 in 1975 to four cases and no fatalities last year," said Mr. Timbrell. "Municipal assistance in the high-risk area is required again

this year to eliminate this potential health hazard."

Provincial subsidies are provided by the Health Ministry to assist local boards of health and their municipalities in mosquito control programs.

Environment Ontario's Pesticide Control Section will again be training and licensing municipal staff to use pesticides in controlling mosquitoes. Before pesticides are applied, municipalities are asked to locate and monitor all potential sources for mosquito larvae. This part of the program is designed to uncover definite larvae areas and to eliminate unnecessary use of pesticides.

"Mosquito-borne encephalitis is a major health concern in southern Ontario, but the improper or overuse of pesticides could pose an even greater problem unless properly supervised by Ministry experts," said Mr.

See page 9

Victoria Street School held its annual Fun Night last week with both youngsters and adults participating. The Fun Night drew its usual large

crowd to participate in the many games and events of the evening.

Top students at HHSS this year

A number of Students at Haliburton Highlands Secondary School have been recommended in all of their subjects this year.

In Year 1 - Leslie Booth, Janet Brohm, Lorna Carnegie, Elizabeth Cooper, John Henderson, Kelly Martin, Brenda Morrison, Lee Potter, Stephen Roman, Karen Snell, Shelley Thomson, Miriam Vanderwal, Anne Marie VanLieshout and Michael Wright.

In Year 2 - Gerri Lee Agnew, Jennifer Anderson, David Arbuthnot, Susan Austen, Audrey Bannon, Marion Berning, Martha Carnochan, Jocelyn Kennedy, Paul Madden, Edward Roberts, David Shapiera and Gregory Taylor.

In Year 3 - Kimberley Brohm, Patricia Bunker, Alan Cooper, Erin Gilligan, Beverly Jones, Rhonda Laporte, Marina Pearsell, Kimberley Roberts, Corinne Shepstone, Linda Shekleton, Jennifer Stephenson, Norma Teasdale and Paul White.

In Year 4 - Lorraine Cowan, David Everall, Brenda Graham, Wendy Homestead, Catherine Kinsman and Paul Rolfe.

In Year 5 - Cindy Archer, Lynn Barnhart, Beverly Kimble, Douglas Stephenson, William Tyler and Graeme Wallace.

Registration

No licence privileges

The boundary for Northern Ontario, as far as passenger vehicle registration is concerned, will not be redefined.

Margaret Finlay, of Tory Hill, had written to Darcy McKeough, Minister of Treasury, Economics and Intergovernmental Affairs concerning the situation of motor vehicle registration, which only costs \$10 in Northern Ontario.

Mrs. Finlay suggested that the Haliburton County area has similar problems with Northern Ontario and that perhaps the boundary for the lower registration rates should be changed.

In his letter to Mrs. Finlay, Mr. McKeough stated, "The present boundary for this program was decided upon after careful consideration of all the other government programs and

established geographical boundaries affecting the North. As it stands, the boundary for the car registration fee reduction program is consistent with those areas under the geographical jurisdiction of the new Ministry of Northern Affairs. Furthermore, all the areas included in the program fall within the two

major economic regions of the North. As you can see, the decision to utilize this boundary line was based on already established and known lines of demarcation."

Mr. McKeough added that continued extensions of the boundary would result in a prohibitive cost to the government and would com-

plicate the administration involved.

Clerk treasurers meeting Fri. on apportionments

A meeting is planned for this Friday for the clerk-treasurers of all township in Haliburton County to discuss the apportionment of the education levy.

Anson, Hindon and Minden, clerk treasurer, Richard Parisotto says he understands that his township could currently be paying \$116,000 too much of the education levy.

He says this view is based on recently released assessment figures from the province which indicate that the township is "grossly over-assessed." He also points out that they indicate Dysart is under-assessed. Parisotto maintains that the figures may be unfair themselves.

The figures being used are currently being debated in relation to the County apportionment at a Ontario Municipal Board hearing in Minden at 1 p.m. today.

"I think the Board is going to want to know the relevance of the assessment figures," says Mr. Parisotto. However, he notes that it is highly unlikely that an OMB decision will be given in time for the Friday meeting. An actual OMB appeal of the school apportionment will only be possible after Friday's meeting.

Highway repairs not possible within three years

There was a slight disappointment at Monday's Dysart et al council meeting. In the correspondence to council was a letter from James Snow, minister of transportation and communications, advising that replacement of Eagle Lake Bridge and resurfacing and re-alignment of Highway 519 between Highway 530 and Redstone Lake will not be possible within a requested three-year period.

Council had sent a detailed brief to the ministry asking that the road be reconstructed and the bridge replaced.

The minister replied in his letter that "Resurfacing of the road on the existing alignment would be uneconomical and inadequate."

He pointed out that pre-engineering would be required for a revised alignment and that property acquisition if necessary could delay the start of work until late 1978 or 1979. "Thus the only work we can do at present is to make spot improvements," he said.

About the bridge he noted that the accident record does not indicate the bridge is unsafe. "I would add that there are many one-lane bridges in our Provincial Secondary Highway System that we cannot afford to replace under today's financial constraints," he said.

Kelly Roberts, Janet Brooks, Corrine Neville and Sharon Williams proudly display their All Round Cords on their shoulders. The girls were presented the cords May 6 at the Girl Guides Mother and Daughter Banquet.

Haliburton Highlights

BY CREIGHTON FEIR

Don't forget to take time out to attend the 1st Annual Highland Home and Vacation Show to be held at the Haliburton Arena this Friday, Saturday and Sunday, June 17-18 and 19th. It's being sponsored by the Kinsmen Club of Haliburton. The local Kinsmen have put a lot of work into this project and we wish them the best of luck with their weekend show.

The Minden Rotary Club are celebrating their 30th Anniversary this year with a special celebration at Hunter's Horn at Haliburton on June 25th.

Mrs. Evelyn Hosgood of Burnaby B.C. is home visiting at the home of Mr. and Mrs. Orval Austin.

The Rotary Club have reached an agreement with the local merchants to use their sound for the summer months to play background music and they have employed a girl to announce commercials for the various merchants who are participating.

Several homeowners in Haliburton have reported to us that their wells are dry. If we don't soon get rain more people are going to have this problem.

Quote of the Week Saskatchewan Premier Allan Blakeney to the Southern Council on International and Public Affairs: "I think there is a basic inconsistency in a political stance which demands that government plan, manage and anticipate problems, yet deplores government involvement every time action becomes necessary."

Mike and Paulette Blake have opened a new business "Junk for Joy". The store features Antiques, Collectibles and Gifts, and is located on the Main Street in Haliburton, (below Mark's Coffee Shop).

Four local people have just returned from vacations in England. They are Mr. and Mrs. Earl MacDuff and Harry Brohm from Haliburton and Mrs. Margaret Findlay from Tory Hill.

Rev. Douglas S. Warren B.A., B.D., will be the guest speaker at the Full Gospel Business men's Fellowship Dinner to be held at Deer Lodge this Saturday evening, June 18th, at 7:00 p.m.

Rev. Warren was born in Windsor and took all of his early schooling there. For ten years he was and electrician, then was miraculously called in to the Christian Ministry. After six years of University and Theological training, five of these at Queens in Kingston, Mr. Warren spent six years on the Iron Bridge Charge in Algoma, then moved to the Exeter-Credit area for eight years of challenging and rewarding ministry. As of September, 1974, he has taken up the challenge of Ministry at Rountree United Church in London. He is married and has three boys.

God has opened tremendous joy and release in Christian life to Rev. Warren and through the leading of the Holy Spirit he has shared in the message of liberation and freedom in the Spirit which brings victory in the many meetings he attends.

Echo editorials

Eakins has received a clear mandate

John Eakins has received a clear mandate to be the Member of Provincial Parliament for Victoria-Haliburton.

The reason for Mr. Eakins, lopsided, 5,000 vote victory are many but the decided factor was Mr. Eakins performance during his first year and a half as MPP.

During that year and a half, Mr. Eakins has lent a listening ear, and a helping hand to the people in the riding. During that time we would suspect that Mr. Eakins has found no job too small or no job too big to tackle.

In 1975, he was the winner in Victoria-Haliburton by about 1,000 votes. He increased that margin by over four times, not because of a growing popularity of the Ontario Liberals, who in fact are down in seats from 1975, or a general vote against Conservative Premier William Davis, who is in fact up seats from 1975.

The margin of victory for John Eakins was increased because of John Eakins, a man who has attempted to do a good job for the riding and judging by the increase in the number of vote he has received must be doing the job the residents of this riding want.

Newest attraction for the Highlands

The Haliburton Highland's newest tourist attraction gets off the ground Friday afternoon, when the doors officially open for the Highlands Home and Vacation Show.

The show will feature booths by local merchants, and should have something of interest for everyone. The Home and Vacation Show, although new to Haliburton, is not exactly a new idea. The Haliburton Kinsmen Club won't take any credit for that.

What the Kinsmen Club, the sponsors and organizers of the event, can take credit for is that it is the guiding light in initiating the Home and Vacation Show for Haliburton.

The club members have spent many hours planning and preparing for the show.

The Kinsmen Club, being relatively new in Haliburton Village, gives something extra to every project it participates in.

Veterinary service

Haliburton County is getting a large animal veterinarian, thanks to a grant from the provincial government, but more thanks to the local livestock producers association who have been working to this end for some months.

The local livestock producers, who only in the past few months have formed an organization, have been successful in their first venture.

The veterinarian will be secured by the Haliburton County Veterinary Services and the Ministry of Agriculture and Food.

Under the policy, a veterinarian enters into an agreement with the ministry and receives an annual payment of \$8,000. \$7,000 is from the government while the other \$1,000 comes from the area the veterinarian will serve.

Bill Newman, Minister of Agriculture and Food said, "Efficient veterinary service is basic to the development of successful livestock enterprises. The Haliburton County Livestock Producers' Association are to be congratulated for the initiatives they have shown in this endeavor."

There are not too many people who won't remember Mr. and Mrs. A.G. Schofield when they lived in Haliburton. Mr. and Mrs. Schofield are shown in their home with Mrs. Schofield playing the organ and Mr. Schofield on the banjo. The picture was taken just before they left Haliburton in October, 1945.

When they lived here they took a very active

part in the community and worked very hard for the local Red Cross. Mrs. Schofield did all the mending and sewing at the Red Cross outpost. They were both very active members of The Salvation Army and Mrs. Schofield was well known for the concerts he put on in the old town hall. Our thanks to Mrs. Laura Baker of Haliburton for submitting this photo.

Feir Play

by Creighton Feir

John Eakins, Liberal MPP who has worked so hard for the citizens of Victoria-Haliburton during the past 18 months was richly rewarded on June 9 when the voters went to the polls and gave him a landslide victory of nearly 5,000 votes. It was the biggest majority a Liberal candidate has received in this riding since Confederation. Although the Progressive Conservatives put up a tremendous campaign here, there was little doubt right from the start of the vote counting that John Eakins was the man they wanted to represent them. In talking with Mr. Eakins he told us that he will keep right on working hard for the people of this riding and is on record as saying that he will work in the best interest of everyone no matter what their party affiliation may be.

The big issue in town this week seems to centre around the topic of the tennis courts at Haliburton. It seems to be the opinion of many that we have been talking with that why should 40 or 50 people who belong to the tennis club call the shots on the hours while the majority who are not members have to sit back and only have the opportunity of playing on certain hours in the afternoon. This also means that non-members will not be allowed to play at nights when the new lights go up. When the tennis courts were constructed by the Rotary Club of Haliburton we were told that they would be for the use of everyone in the community including the cottagers and visitors. They didn't tell us that it was for the use of a selected few.

At the present time the ball is in the hands of the Rotary Club and they are the men who should be calling the shots, not the tennis club and the Rotary Club should be setting the hours and making sure that the general public have more hours than are now allotted and at least two nights of the week to play under the lights. Some people are under the opinion that why should they donate any more money to the Rotary Club for projects that they cannot use. The tennis courts operated a long time before we ever heard

of any tennis club and as far as the maintenance is concerned the council can look after this as it would be money better spent than filling a few pot holes on a side road. A group of citizens are now in the process of getting a petition together and when completed handing it over to the Rotary Club.

Many citizens from Haliburton are getting perturbed over the lack of action and work that is being done in the village of Haliburton by the local council. As one person stated this week they can't even put a bit of sand at the swimming area of Rotary Beach. We understand that we have 18 men employed by the municipality so let's put a couple of them in Haliburton to look after the things that need to be done.

The kindergarten class took a trip to the Peterborough Circus. The children had a wonderful time. We wish to thank Dr. Good, Mr. Ronald Curry and Mr. Floyd Hall of Minden for their generous donation of circus tickets.

The girls and boys and staff of Victoria Street School wish to thank all the merchants who donated prizes so generously for the Fun Night. They would also like to thank all parents who supplied White Elephant items and baking, those who helped with the work and those who brought your families for fun. Without you the show wouldn't be so successful. Thank you for your continued support.

We have just been informed that the Tobisha Co. will put on a micro-wave cooking display this Saturday at the Home and Vacation Show at the Unirep Booth. Unirep is the local Tobisha dealer.

Editor's notebook

BY JIM BADGLEY

How many times have you heard that there just isn't anything to do in a small town. Not just from the younger people around but the older folks as well.

It isn't true in Haliburton despite popular rumor. In Haliburton one can usually find an interesting way to fill in his or her time.

Over the past few weeks there have been a number of events that have been of interest to local residents and there are more coming in the future.

The Stanhope Airport members put on an excellent air show and fly-in a couple of weeks ago. Not everyone has an airplane but it would have done everyone well to have attended the event.

This weekend the Haliburton Kinsmen Club is putting on this first annual Highland Home and Vacation Show, which if successful will mean that we will get to see a second annual next year.

There is plenty to do in Haliburton. Sometimes it may mean driving a few miles but the fun will still be there.

On the weekend the Haliburton County Fair Board had a barbecue and dance to raise some money. For those of you who are still out in the cold, it is the county fair, not the Minden Fair and something for all of us to participate in.

I must take credit where credit is due and I for one in predicting how the election will go in Victoria-Haliburton came pretty close.

I figured that Liberal John Eakins would win by about 4,000 votes, but must admit that there were times when the election looked a lot closer.

All three candidates fought a fairly clean race, with all teams seeming to admit that the others had points of merit.

It was a good election, that is about all I can really say about it.

As others see it

The Editor:

In reply to your article in June 8th issue of The Echo, Mr. Badgley asked for a letter and I would like very much to answer his request.

I have no wish to start a feud, but I would like to correct some of his statements, and criticize some of his attitudes.

(1) It was stated that there were 10 people in the room, actually there were 5 and that included himself and myself.

(2) It was stated that I suggested that all the people in the room buy another paper. I said I buy the other paper to find the news of Haliburton. Other people can do as they wish.

(3) It was printed that I said that The Echo should not be read because more news can be found elsewhere. To prove a point, Mr. Badgley I am enclosing 4 articles which I cut from another paper, all are of interest to people in Haliburton or surrounding area and which I could not find in your paper. This is from the edition of June 8.

(4) My place of employment did not enter into the conversation at this time and I am shocked to have read this type of thing in your paper; not about me but my company. Maybe it was for lack of something better to write.

I have worked for this company for 7 years, and am proud to be an employee of it.

I am surprised that Mr. Badgley was so upset by the criticism. I would have thought that he would have been interested in the opinions of his readership and pleased that we care enough to criticize. We are proud of our town and don't wish to be second to anyone in anything, which is why I care about such a public business as our local paper.

In closing Mr. Badgley, I feel your article is wrong and unjustified, and I am not saying that all The Echo staff are incompetent, for I know that there are very competent people in your office.

Ken Lewis,
Haliburton, Ont.

Dear Sir:

Attention - all Life Insurance Policyowners; The minister of finance, Mr. Donald MacDonald has recently proposed that a tax be levied on a portion of the proceeds of life insurance policies at the policyowners death.

The Life Underwriters Association of Canada is strongly opposed to such a move, and has strongly urged the finance minister to withdraw the budget proposal which would levy this tax. Such a tax would fall indirectly upon widows and children at a time of stress and severe economic readjustment.

This tax would affect more than 12 million Canadians who rely on life insurance as a prime vehicle for financial security.

As a professional life underwriter, and a member of the Life Underwriters Association of Canada I view this (proposed) taxation of life insurance at death as an immoral encroachment upon a widows money. By reaching into the coffin, the federal tax collector is levying a widows tax that, is socially unjustifiable and morally reprehensible.

I strongly recommend that every person who owns a life insurance policy make their views known in a letter to the minister of finance, a copy of which should be sent to their local members of Parliament.

Paul Esple,
Representative
Equitable Life Insurance
Company of Canada

Dear Sir:

In a recent Echo editorial (June 1, 1977) you discussed the viability of a tennis club for the Haliburton courts. Your major issue with the club stemmed from its proposed restriction of free public hours. You argued this point by saying that since the courts were built, through the Rotary Club, with public money, that the tennis club had no right to set aside times for the public keeping the major part of the day for themselves.

If the only costs involved in the courts were their initial installation then I could see that there would be good reason for a "public outcry". Unfortunately this is not the case and a great deal of money is now needed simply to maintain the courts and the floodlights which are to be installed in the near future. The Recreation Committee, already burdened with many other financial commitments, is no longer able to foot the bill.

It was this situation which resulted in the formation of a Tennis Club, so that the people who used the courts would be responsible for the maintenance, and hopefully improvement of the facilities, and not the general public, many of whom could not care less about tennis.

For those who play tennis infrequently or are only visiting Haliburton for a short time and don't feel a membership is worth their while, ample public time has been set aside from twelve to five every day, (not one to four as suggested in your article).

I can see no reason for a "public outcry" except in appreciation for tennis players who are willing to accept the responsibility to maintain and improve the courts they so enjoy using.

Yours sincerely,
Claudette Languedoc

To the Editor:

I would like to make my objections known concerning the maintenance of the "public" tennis courts by a tennis club.

The courts were built for the use of the general public, and should be maintained by the municipality with this in mind. Surely the cost of maintaining two tennis courts can't be beyond the municipality of Dysart, if it is, we're in trouble. I understand it costs about \$200.00 per year now for maintenance. Even with the addition of lights (paid for by the Rotary) this surely wouldn't exceed \$500.00 per year.

This and That

BY JENNIFER WOODS

As I promised last week I have written down a very Special Salad recipe "Spinach, Bacon and Mushroom." It is quite easy to make and will even turn the heads of those "spinach haters" that we all know and love. It is really a meal in itself.

SPINACH SALAD

Wash and dry thoroughly a package of Spinach. Break it into small bitesize and again dry well. Put aside. Fry one pound of bacon until it is almost burnt. Put aside. Slice 1/2 lb. of medium sized white mushrooms (uncooked). Place the spinach into a large salad bowl and toss with an oil and vinegar dressing. Place mushrooms in and toss again adding more dressing. Break bacon into tiny pieces and place them on the salad just before serving. Then add croutons.

HOMEMADE OIL & VINEGAR DRESSING

Mix three parts vinegar with 1 part oil and 1 tspn. garlic powder or pressed garlic to taste. Shake well.

HOMEMADE CROUTONS

Chop 4 slices of day old bread in cubes 1 inch square (approx.) Shake these through a colander to get rid of the small crumbs as these will burn later. Pour 1/4 cup corn oil and 2 tablespoons butter into a large frying pan. Add garlic to taste. Add the bread and stir continually for approx. 10 minutes to toast the croutons evenly. Let them sit in the air until you are ready to use them. Grated parmesan cheese can be added to the croutons for a different taste. As they have no chemicals added to them they will get soggy fast, so add them at the very last minute.

This spinach salad served with a steak or a quiche is just unbeatable and very filling and nutritious.

Jennifer Woods

COUNTY ECHO FAMILY

Brownies and Guides honored

On Monday, June 6 the Brownies and Guides of Haliburton held their annual mother and daughter banquet.

Guests included District Commissioners Mrs. Sandra Curry, former District Commissioner Mrs. Carol Rouble, District Secretary and Badge Secretary Ev. Brooks, and the leaders of the Haliburton Guides and Brownies.

A very special thank you to Mrs. Jean Neville, Mrs. Irene Tapp, Mrs. Heather Parish and Mrs. Jan Shipley of the Parent Committee who organized, planned and phone mothers and as a result turned out a delicious hot buffet style dinner. A special thank you to the ladies of the Legion Auxiliary who cleaned up afterwards.

After dinner, District Commissioner Mrs. Curry spoke to us on the history of Guiding and how Highland District fits into the pattern, and Mrs. Jean Neville chairwoman of our Parent Committee gave a financial report and resume of activities over the past year.

Mrs. Clara Higgins Brown Owl and Mrs. Sandra Johnson Tawny Owl then presented pins and badges to the Brownies of the 1st Haliburton Pack, after which ten Brownies entertained us with a dance selection called the shoemaker dance the whole Brownie pack then came on stage and sang the drum song in which the audience participated.

Mrs. Louise Sisson Brown

Maple Lake

BY ADA GIBBS

Everyone is watching with interest the progress being made at the Market Garden situated at the junction of Hwy. 530, Hwy. 35 and the Vankoughnet Road. One of these days they are likely to begin operations. This new business should be of great

See page 10

Owl of the 2nd Haliburton pack and her Brownies then proceeded to entertain those present with a very hilarious puppet show. This occurred in three stages and all puppets were made by the girls themselves and proved to be so interesting that the audience actually stood up on chairs in order to see.

After a brief few words about the need for a Parent Committee by one of the Guide leaders Mrs. Betty

Roberts the girls of the 1st Haliburton Guide Company were presented individually with the badges each had earned and their service stars. Performing this pleasant duty was Eileen Pripp and Debbie Packard, the other two Guide leaders.

Following an explanation regarding the qualifications needed to receive the All Round Cord, it was brought to our attention that there are four other Guides who

also could receive their All Round Cord in the next Guiding year. This particular evening four girls had already achieved this goal our District Commissioner and former District Commissioner were then asked to present the cords to Janet Brooks, Kelly Roberts, Sharon Williams and Corrine Neville. These girls have worked very hard during their years in Guiding to achieve this honor. It is

hoped that they will try next for their Canada Cord.

The Guides then presented a musical selection and a satirical skit fashioned after the T.V. program "Charles' Angels." Called "Charles' Guides the skit was based on the Guide Laws specifically reforming a bad Guide. After thanking all the girls and mothers for attending and making it a successful evening everyone joined hands and sang our closing.

Paper Probe

All of us enjoy the comfort and convenience of household paper products - tissues, napkins, disposable diapers, and so on. In fact, each Canadian uses an average of 350 lbs. of paper every year. So it's not surprising that the paper industry has responded with such innovations as decorative colours and scented tissue. Many consumers, however, are concerned about the environmental effects of these new products.

Paper products are biodegradable - they can be completely broken down by bacteria into carbon dioxide and water. Flushing quickly reduces the rest of the tissue and constitute only 1-1 1/2% of the whole tissue. Stains or dye transfer from denser colours are unlikely to be introduced into this range of products (or we might have a new Blue Nose!).

As for scented tissues, the perfume is non-irritating. In toilet tissue it's applied to the cardboard core or roll, and your facial tissues are scented on the corners only.

Household paper products comprise only about 2-3% of your total paper waste. Compare that with the stack of newspapers we often accumulate.

The Haliburton Highlands Guild of Fine Arts are happy to announce the fifteenth annual Summer Exhibition and Sale to be held at the Haliburton Senior Elementary School. The opening of the Sale is Wednesday evening July 6th at 7:30 p.m. and continues until July 17th.

Opening night will host guest speaker Mr. David Sutherland, President of Sir Sandford Fleming College. On Friday July 8th at 7:30 Miss Isobel Lindsay, the Curriculum Services Officer for the Ministry of Education for the Province of Ontario will present scholarship certificates to the outstanding art students of Haliburton County. These scholarships allow the students to attend courses of their choice at the Haliburton School of Fine Arts this summer. Students chosen for the awards will be announced at a later date.

This year the Exhibition will feature a special "book corner" to promote the newly published book "Dream of Excellence" a history of the arts and crafts of Haliburton County. Mrs. Nila Reynolds, author of the book will be on hand to personally autograph copies of the book purchased. Also on display will be some of the original paintings that are shown in the book by Miss Ethel Curry, Karl Hankey and Andre Lapine.

Each afternoon except Sunday's from two o'clock until four o'clock the Eagle Lake Women's Society will sponsor a "Tea Room" to add to your enjoyment while viewing the Sale.

Daily demonstrations will be given in weaving, spinning, rug hooking, pottery, copper enamelling, quilting, portrait sketching and petit point jewellery.

The Summer Exhibition and Sale will be open daily 11:00 a.m. to 9:00 p.m. Sundays 1:00 p.m. to 4:00 p.m.

Dog dies
from wound
from arrow
OPP report

Members of the Minden detachment of the Ontario Provincial Police are investigating a bow and arrow shooting death of a dog last Tuesday, June 7.

The police report that the dog returned home about 8:15 p.m. to its owner Marjorie Baumhour, of Harcourt and it had an arrow through its right side and protruding out its chest.

The police say that the dog was taken to Dr. Shortt a veterinarian in Wilberforce but he was unable to save its life.

Two charged with theft

Two persons have been charged with the theft of various pieces of boating equipment taken from cottages.

The Minden detachment of the Ontario Provincial Police report that the theft took place on June 11 in the Salerno Lake area.

About \$1,000 in goods has been recovered.

Charged are Kerry James Perrault, 16, of Willowdale and Gino Lieto, 16, of

Toronto. Each was charged with three counts of theft over \$200 and possession of stolen goods over \$200 and one count of theft under \$200 and possession of stolen goods under \$200.

Physical fitness

by Margaret Milne

Another problem is measuring the distances for swimming. There are many possibilities here. 1. You could pick two objects in the water, say, a raft and a log, and measure the distance between them with a line. 2. You could measure an existing buoy line. 3. You could measure a distance on shore between two landmarks, say a particular tree and rock - and swim parallel to that line. 4. You could lay out your own buoy line. 5. You could measure the efficiency of your stroke by swimming past a raft or dock many times. For example, if you average six double strokes for 20 feet you might estimate that 1000 yards will take 900 double strokes. Try it when you've been swimming a while and are not fresh, to get a fair result. 6. If you're swimming across a narrow body of water, you might do a little survey work and get out the old geometry and trigonometry books.

It's best to swim in, or very near to, shallow water. Although I've often swum across the end of the lake here, I prefer not to do that when swimming specifically for exercise. The main reason is that it presents a supervision problem. (All swimmers should be supervised closely - even the strongest). And, it makes me nervous to be far out over deep water when I'm pushing myself to work hard.

Not that you must necessarily work all that hard. As with other exercises, once you are in good condition, you can maintain that condition without discomfort and fatigue. If you are a person who prefers slower but longer exercise, as I do, you might prefer to do breaststroke. It is only worth seven-ninths as much as crawl (over the same time and distance), but gets one less out of breath. Backstroke is worth eight-ninths as much as crawl. Butterfly is worth four-thirds as much as crawl.

The following times and distances are based on swimming the crawl. Begin at 100 yd. in 2½ minutes if you have not been exercising regularly. Your minimum goal for maintaining a good level of fitness could be one of the following, done five times a week: 500 yd. in under 8:20, 700 yd. in under 17:30, 850 yd. in under 28:20. After playing around a little with different speeds and strokes, I've decided to use 1000 yd. of breaststroke in under 33:20 as my regular standby exercise when I don't feel I can go any faster. As anyone who has read this column from the beginning knows, speed is not my thing!

COUNTY ECHO SPORTS

Angela Sisson Tim Oram tops

Two grade 12 students, Angela Sisson, and Tim Oram were named Haliburton Highlands Secondary School's female and male athletes of the year.

Miss Sisson is a member of the Girls' Senior Basketball team, Girls' Senior Volleyball team, Kawartha West, Kawartha and COSSA track and field teams, senior champion in the school track and field day, most valuable player for track and field and official for extramural boys volleyball.

Oram is a member of the Boys' Football team, being voted the most valuable player overall and defensive, Boys' Senior Volleyball team, Kawartha West, Kawartha, COSSA, Regional and OFSSA track and field team.

Also honored at the awards assembly last week were the Girls' Senior Basketball team and the Boys' Senior Basketball team, both winners of the Kawartha Championship, and the most valuable players on the various teams at the school.

Members of the Girls' Basketball team include Winnifred Baker, Angela Bishop, Ginger Chambers, Darlene Danilko, Donelda Danilko, Lou-Ann English, Carolyn Kinsman, Kathy Martin, Judy Trumbull, Shelley Moxam, Kim Roberts, Angela Sisson and Debbie Hicks.

Members of the boys' team include Dick Stouffer, Peter McElwain, Will Tyler, J.D. Bishop, Richard Brown, Larry Sicard, Paul Cummings and Graham Wallace.

Most valuable players awards went to Donelda Danilko, girls' senior basketball; Alison English, girls' junior basketball; Kelly Martin, girls' midget basketball; Marie Simpson,

The girls basketball team for HHSS is shown above at the top with their trophy they took away from Bancroft this year. Below them is the boys senior basketball team which is the Kawartha district champion. The two teams were participating in the Athletic Awards Assembly held at the high school last Wednesday.

Tennis club's first tournament

Haliburton's newly formed Tennis Club held its first tournament on Sunday, June 12. The round robin mixed doubles tournament was initially delayed for two hours by rain, but clearing skies and a brisk wind soon had the courts dry. A good turnout of enthusiastic players benefitted from the excellent court preparation and tournament organization of Jack Gubser and Glen Scully.

Players were divided into two groups based on experience and ability. Doubles teams were then selected using a player from each group. Each player was then scored on his total wins over four matches. The matches proved very competitive and at the end three players tied for the lead. Greg Bishop, Barb Pierce and Mike Irwin. These three played off with Mike the eventual winner. Mike played a steady game with well placed volleys and consistent serving. Barb Pierce finished second and Greg Bishop a close third. Mike took home a find trophy designed and built by the tournament organizers.

even at
the ocean

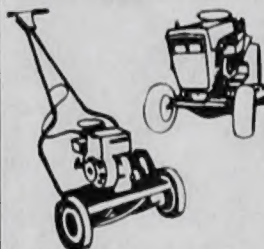

Outdoor™ brand wood. Obviously the smart choice for a deck. That's because Outdoor wood is treated with special chemicals to give it resistance to rot and termites for decades.

Outdoor wood is beautiful. It has all the permanence of some of the fancier woods—and then some. But it costs considerably less. Why? Because Wolman® preservative salts provide these same enduring qualities in ordinary wood.

For seaside or poolside, for docks, decking, patios, fences, or gazebos—when you're building outside, use Outdoor wood. You can be sure it will have the appearance and shape-holding qualities you expect because Outdoor wood is a high grade of material.

Performance included exciting acts

Children enjoy circus

To the children of Haliburton County the Martin and Downs Circus held at 6 and 8 p.m. at the Haliburton ball park, June 9, it could have been a visit to the biggest circus in the world.

The circus was decidedly child oriented with the children becoming involved as they could. It was the three to 10-year-old category that enjoyed the show the most.

At the ringmaster's request children shouted instructions to a performer during the Race of the Flying Saucers, the small children were on the edge of their seats glancing quickly from plate to plate watching for one to fall. The act involved balancing 24 plates on metal poles, spinning them, then running back and forth to ensure one didn't wobble off.

A casual survey of parents at the show revealed that the children's favorite act was the clown.

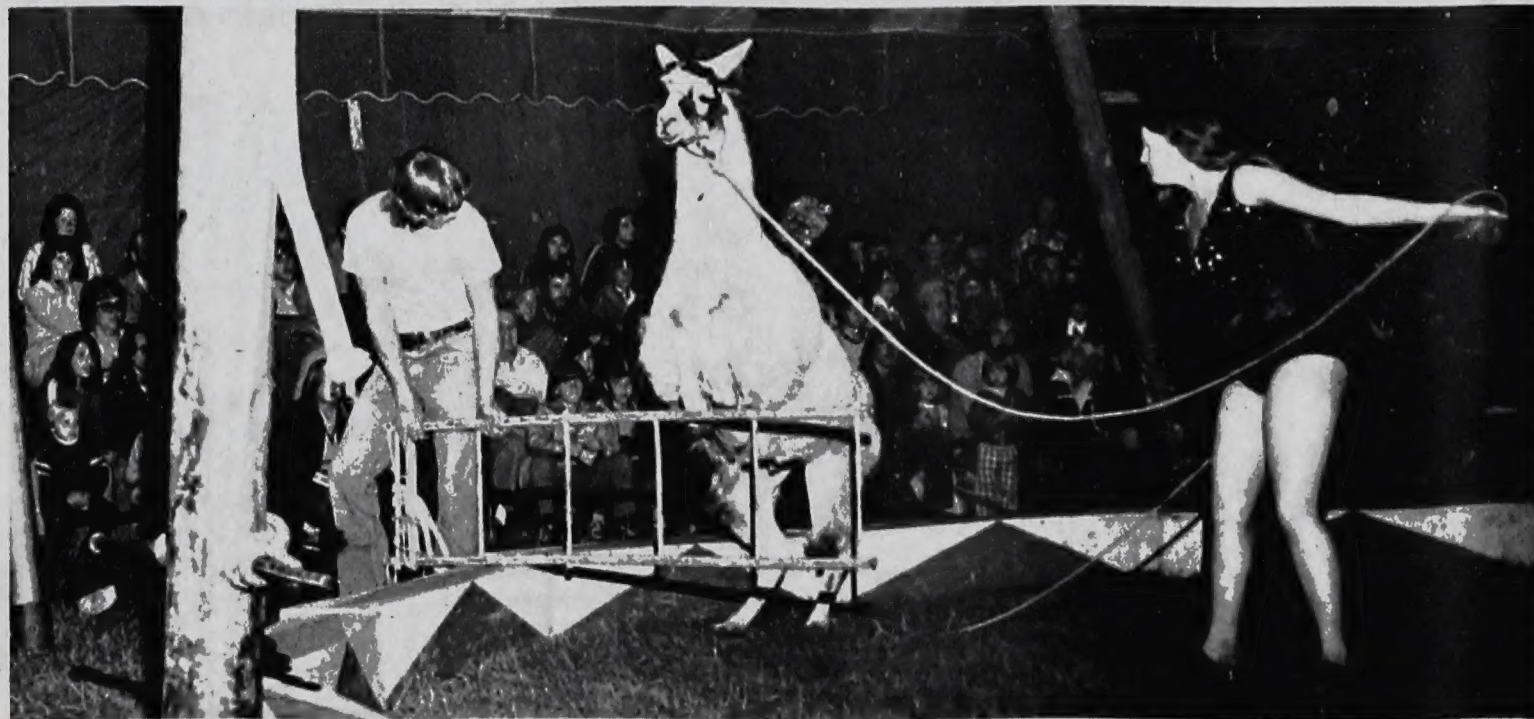

It was the clown who roused the most action out of the crowd. He wore the traditional grease-painted happy clown face and changed costumes each act. At one point he asked over the microphone "For all the little boys, their daddies and granddaddies to say 'Hello'."

This brought a loud shout from the males. But then the clown asked the girls, their mommies and grandmommies, to say the same thing. When this received a even bigger yell he said, "Well this just goes to prove that the girls have bigger mouths than the boys."

Another popular act was a juggling display by the Great Attilio. He was the performer for the plate act, but this time he juggled foot-long knives, then switched to flaming torches. At the same time, in the second ring, another juggler was balancing on a see-saw arrangement while also juggling flaming torches.

Clown explains the show

Trained animals in circus

Oil painting presented

On Friday evening at 8 p.m. a group of approximately 50 people were present when Theodore Peacock author of "Tale of the Trail" presented an oil painting to the Glamorgan Library.

Miss Vaneita Pickens accepted the painting on behalf of the Glamorgan Library and then she placed a portrait of Mr. Peacock above a plaque on the wall which the Glamorgan Library Committee had placed in appreciation of Mr.

Peacock's generous financial donation as well as his literary contribution.

Miss Pickens then presented a smaller portrait and an engraved watch to Mr. Peacock as tokens of the Committee's appreciation. Miss Pickens in her remarks mentioned that our village was fortunate enough to have 2 artists in our midst as not only have we a poet but also the local artist, Mrs. Jean Frazer who had painted the picture presented.

Legion Branch 129 News

The regular monthly meeting of Branch 129 was held in the Legion hall Thursday, June 2. Our Zone Commander Doug Worrall of Lindsay was present to install the newly elected officers of the branch. Comrade Don Johnston acted as Zone Sgt.-at-arms for the ceremony. A number of items of business were discussed and the executive was given the authority to carry on the Legion's business during the summer. Comrade Doug Armstrong is the Carnival Chairman for 1977 and plans for the Carnival are well underway.

A report was read on the progress of the Building Committee and it is hoped that work will commence before September on the new addition. It appears now that there will be very little disruption of Legion activities during the construction period.

The Auditors Report will be available in September and all members are urged to make themselves familiar with its contents. This is an open and frank picture of our financial situation and should abolish any doubts that anyone may have as to the disposition of our funds.

At this time the meeting was turned over to the Zone Commander who duly installed the officers for the ensuing year. A number of guests were present, namely Mrs. Worrall and several members of the Ladies Auxiliary, all of whom were in uniform.

After the meeting a delicious lunch was served and our thanks to all who contributed and helped serve.

EXECUTIVE MEETING

Comrade Mel Robertson called a special meeting of the newly installed executive for 2 p.m. Sunday, June 5. Only one member was absent. In the coming year Don Johnston will be Honours and Awards Chairman. Ed Fajar is Poppy Chairman and Lloyd Whittaker is our Service Bureau Officer. Doug Armstrong is Treasurer and Carnival Chairman. Sylvia Sisson, Secretary. Allin Cooper is House and Property Chairman and Bob Bannon has taken over Entertainment. Jack McDonagh is Sports Officer and Jim Congdon is Bulletin Editor. Charlie Yateaman is Membership Chairman and Sick and Visiting. Duncan McLean is in charge of the Auditorium on all occasions. Marjorie Robertson is PRO and Community Services. The Carnival plans were discussed further and there will be an Amateur Contest in the arena as in other years along with the usual games.

A lot of help will be necessary to make this endeavour a success so please comrades offer your services. This is a time when many hands will make light work to say nothing of a handsome profit. Men will be needed to put down the floor the previous Tuesday evening and take it up again immediately after the carnival is finished. We will be looking for you.

Mosquitoes

from page 3

Kerr. "Our input into the program is designed not only to save money and time for municipalities but also to safeguard against any health or environmental damage due to the improper use of chemicals."

Mr. Kerr said that mosquito control around the home should begin immediately.

A home control pamphlet is available from Health and Environment Ministry offices and through local health units. This publication offers advice on eliminating insect breeding sites, using repellents and insecticides and tips on avoiding mosquito bites. Newspaper and radio advertisements will appear shortly throughout the high-risk encephalitis area giving similar information.

Maple Lake

from page 5
assistance to our summer visitors, as well as to those who don't plant gardens.

The Stanhope Library Committee met in the library, Tues., June 7, with all members present. At this meeting plans were made for an interesting summer schedule.

Speaking of the library we are pleased to note that Miss Susan Redner is to be one of the students who will be assisting the librarians several times each week. I understand Susan's schedule includes assisting in the Minden and the Haliburton Libraries also. It is good to see one of our local girls interested in this work. Good luck Susan.

The big summer project at St. Peter's church has begun this week. That is the pointing of the stonework which is being done by Mr. Stanley Ashman of our area. To speed up the progress of this work, which couldn't be started until all danger of frost was over, the men of our congregation are assisting in their free time by removing the old sand and mortar from between the stones. This will allow Mr. Ashman to work more quickly at the repair job. So if you drive past St. Peter's any time in the next few weeks, and see the big windows boarded up, don't think we have abandoned our Church, there will be services as usual at 9:15 a.m.

Mr. and Mrs. John Dyer are in Oshawa for a few days this week.

We understand the Sisson Reunion wasn't as well attended as usual, due to the other activities which had to come first. However, Mrs. Winnifred Johnson, one of the older members of the Sissons reports that those who were able to attend had a most enjoyable time together.

I believe Tim Barnes has been home on a week's vacation. Time enjoyed the holiday but seemed quite ready to return to Wingfield where his young friends awaited him.

A very important Surprise Party was held at the Gordon Alcorn's last Sat. June 11th. This was an occasion to honour Mr. and Mrs. Phil Alcorn who are celebrating their 25th Wedding Anniversary. Our congratulations to Margaret and Phil. May they enjoy many more happy years together.

Miss Georgina Mahaffey of Scarborough, was a weekend guest with Ada and Wilbert Gibbs.

St. Peter's A.C.W. held their June meeting Wed. June 8, in the church basement. As guests, the A.C.W. ladies of St. Andrew's West Guilford attended. Unfortunately a number of the St. Andrews group were unable to attend because of illness. The entertainment was a showing of colour slides of a trip to England, Scotland & Wales taken last year by Ada Gibbs and Violet Smith. The girls gave an interesting commentary on the pictures and one the high lights of the trip. To complete the afternoon a delicious afternoon tea was served. This is our last meeting now until September.

The Stanhope Council and the Firemen are making plans for some interesting landscaping in front of the township buildings along the North Shore Road. If completed as it is planned at present, the landscaping will add greatly to the attractiveness of this area.

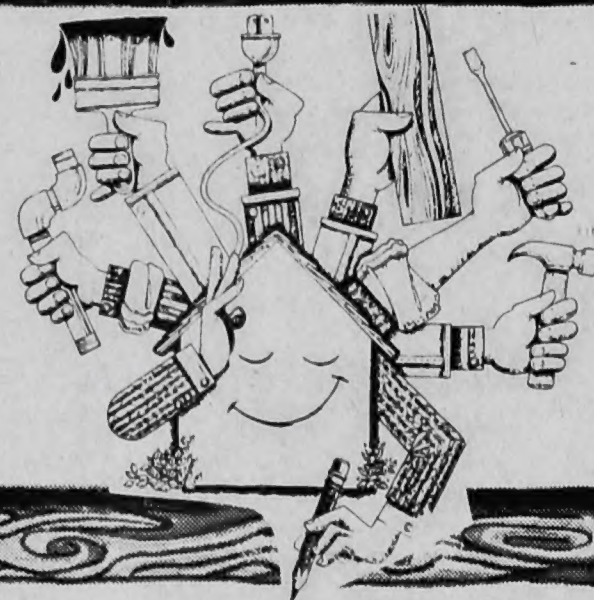

Mrs. Marlene Welch with other Grades 1-3 teachers took their pupils to visit Ontario Place last Wed. June 8. Naturally, the children enjoyed the whole trip, bus rides, the activities in the Children's Village and many other interesting sights, and different things to do. It is a day of great enjoyment for the children and well worth the effort made by the teachers to get them there and home again safe and sound, also tired out.

Weekend guests at the time of the Sisson Reunion with Mrs. Winnifred Johnson were Mrs. Beryl Young, her son and daughter also Mrs. Dennis all of Peterborough.

PLAN No. 76-1385
AREA: 1385 sqft.
WIDTH: 50 ft.

Home of the Week

Natural wood, or aluminum grained siding contrasts the brick veneer wall on the exterior of this country cottage. Leaded windows, accented with shutters and heavy shake-shingles, complete the rustic styling. The over-hanging roof, extending the length of the house to the single garage creates a sheltered entry.

One can see by the spacious interior, that the exterior "cottage look" is somewhat deceiving and that here is a home designed for family living. This non-basement plan may be altered to incorporate a full basement, with a stairway down in the utility area. Thus future expansion can nearly double the floor space having bedrooms, bathroom, utility and recreation room with a wood burning fireplace.

Featuring a field-stone fireplace, the living room could be enlarged by removing the walls that form the direct-hall from the front door. This extra area would create a large room 16 x 17 feet, ideal for entertaining and family get-togethers.

An attractive bay-window forms one wall of the dining room, and service from the kitchen is a step away. A family-size dining room suite can easily be accommodated in this room.

Compact and well appointed, the kitchen contains all the latest equipment. A pocket door leads to the family room where sliding glass doors open to a rear patio for outdoor entertaining in the summer months.

There is an exterior door from the garage and one to the utility-mud-room. Here you will find the convenience of a washer and dryer with a second door direct to the family room.

All bedrooms lead off an inner hall. The three piece bath acts as a guest powder room, as well as serving all the bedrooms. The master bedroom enjoys the luxury of a three-piece shower ensuite.

Plan for design number 76-1385 may be obtained at a cost of \$60 for the first set and \$9 for each additional set, plus \$3.50 for postage and handling. B.C. residents please include 7% sales tax.

Send for the current edition of Select Home Designs Series #33 featuring imaginative decorating and home improvement ideas plus more than 300 quality home plans of every type. Available for \$2.25 (\$1.75 plus 50 cents postage and handling). To order these items please send cheque or money order payable to the Home of the Week. Address to: Home of the Week, c/o Haliburton County Echo, 382 West Broadway, Vancouver, B.C. V5Y 1R2.

Canada Day, July 1

Gems of Truth

(cont'd. from last week)

That the sixth Commandment is needed is very evident as history proves so abundantly. Murder has been one of the great sins that has blighted the moral course of man. It came into existence early, in the days of the first home it showed its ugly head. What might be called the first "denominational" argument in human history ended in murder, Genesis 4:8. The progeny of Cain is legion and strong through the years the down and powerful committed this sin at will. Kings and rulers would murder their relatives or any one who stood in their way. The life of slaves was accounted of little value, and masters would put them to death for the slightest offence.

It is true that in our present day and in our country such sinful destruction of human life is all but abolished. Not so the case of other lands, and Uganda is a modern example and the end is not yet. In private life also, murder has been and still is all too common. Even in countries like America where civilization built around the Word of God, has stayed the brutal act of unnecessary killing, murder is still taking a fearful toll of life. With present lenient laws, it will not decrease in volume, and is likely going to be springing into new proportions as time goes on. This will come about because so few of the murderers are brought to justice

and made to suffer the God given penalty for their crimes. That penalty for the sin of murder is needed and justified. God never erects a barrier unless there is sufficient reason, and when He makes a prohibition and ensuing penalty, it is time to take heed of the issue.

The commandment to respect and reverence human life is clear, all inclusive and without ambiguity. It is a prohibition of murder by any person at any time and place. There are no exceptions and no person no matter how high in the state can claim exemption. No personal grievance, however great, can justify anyone in committing murder. No one, no matter who he is, can escape the condemnation that it carries. One may evade the laws of men but such will have to answer for his crime before the awful throne of God. He will judge righteously and mete out just punishment in due time.

When we look at the "sixth Commandment" in the light of the teaching of the Lord Jesus we find that He endorsed it and went even further. He traced murder to its source and condemned it there. Matt. 6:21-22. The law of Moses dealt with the act, while Jesus reached into the source of that act, which was thought life. Here is the den where the sin is ready to spring forth. Mark 7:21. Jesus also uncovered the original source by reminding the hearers of His day, who were unwilling to accept His

teaching, that they belonged to the father of this evil by saying, "Ye are of your father the devil, and the lusts of your father ye will do. He was a murderer from the beginning, and abode not in the truth, because there is no truth in him. John 8:44.

The remedy for the sin of murder in its mildest form of anger, retaliation, harsh words or actual killing is found in the Gospel of Jesus Christ. There is forgiveness for this sin and every child of God in His acceptance of Jesus as Saviour and Lord receives an inward power that enables such an one to live above the demands of the old nature and the whims of the flesh. It is thus that born-again children of God are exhorted to put away "all bitterness, and wrath, and anger and clamor and evil speaking." Eph. 4:22-32, Col. 3:8-10. In verses like these were taken back to the Cross and are reminded the "God for Christ's sake had forgiven all who asked such of Him and that the child of God has a Helper to walk and live as He set the example. God does not want "retaliation" but "reconciliation" to be the motto for His own.

Dry month

The month of May has been the fifth warmest and the fifth driest May in the last thirty-five years, with less than half the normal amount of rainfall occurring on the watershed.

Cooler though not much wetter weather of the past week or so reduced evaporation losses over the Otonabee River basin. At the beginning of this week, therefore, we reduced outflows of reservoir water by approximately 30 per cent compared to the week before. The Reservoirs were at 77 per cent of maximum storage on June 6, 1977.

Flows in the Otonabee River have been held to record low levels in order to maintain the Kawartha Lakes within their navigation ranges without drawing excess water off the reservoir lakes.

The Canal Construction crew has moved onto the site and begun work on Big and Little Bob dams.

Canal vessel permits for boaters using the Waterway are available from 26 lock-stations and about 15 marinas. Seasonal permits along with 6 day and single day permits give you, the boater, a good variety of options which can be tailored to meet your boating requirements.

We have been looking at the baptism of Jesus by John the Baptist. Let's assemble the facts: Jesus had come to do His Father's will (John 6:38). His Father had promised John, that the individual upon whom the Spirit descended and remained was the Christ (John 1:31). This event was to be associated with John's role of baptizing. Now, what would have happened if Jesus had refused to be baptized? Could he refuse baptism and still be right in God's sight? Could he have fulfilled all righteousness (Matthew 3:15), without doing his Father's will completely? The answer is Absolutely Not.

Friend, Jesus did not need remission of sins, yet he submitted to baptism in order to do his Father's will. Now, the same Father that desired the baptism of Jesus, is the same Father

that has commanded you and I to be baptized under the Great Commission of Matthew 28:18-20. You and I, unlike Jesus, have wandered into the paths of sin by our own choice. To enjoy the remission of sins, that has been brought into being by Christ's blood, we must believe in Him as the Son of God, and repenting of our sins, be buried with him in baptism for the remission of our sins (Acts 2:38). Failure to do that, means failure to do the Father's will. And, failure to do the Father's will means you are yet in your sin.

Returning to the description of Jesus' baptism we see that when they came up out of the water (Matthew 3:16), the Spirit of God, as a dove descends upon Jesus. Luke tells us that "the Holy Ghost descended in a bodily

shape like a dove upon him" (Luke 3:22). Since a Spirit does not have flesh and bones (Luke 24:39), it was essential for the Holy Spirit to be manifested in some bodily, visual form. Hence, as the text depicts, the Spirit of God descended as a dove. The scripture does not tell us anything more about this descent of the Holy Spirit except to show in John's gospel, that it was a sign given to John the Baptist. John recognized it as such, and as a result proclaimed to all who came near that Jesus was the Son of God, the Lamb of God, which taketh away the sin of the world.

Another major participant in this event was the Heavenly Father. Here, we find His voice speaking and His message is: "This is my Beloved Son, in whom I am well pleased" (Matthew 3:17). This was a further stamp of divine approval that agreed with the descent of the Holy Ghost, as a dove. John the Baptist stood in the midst of the greatest witness to the Deity of Christ ever assembled in one place. He had the record of Jesus himself; the descent of the Spirit as a sign to confirm; and now the audible voice from heaven, that declared in clear and plain language

the relationship of Jesus to the Heavenly Father. Jesus was the Christ of God...John knew it well, it had been confirmed beyond doubt in his sight, on this important day in the life of Christ.

MARRIAGE ANNOUNCEMENT

Everett and Velma Wray of Port Perry are happy to announce the forthcoming marriage of their daughter June Marie to Leonard John Maughan son of Violet and the late John Maughan of Haliburton. Marriage to take place June 25th, at 1:00 o'clock at St. George's Anglican Church, Haliburton. Dance at Haliburton Legion 8 p.m. Everyone Welcome.

Mr. and Mrs. Wm. Douglas Casey are happy to announce the forthcoming marriage of their daughters, Deborah Rose to Raymond Johnston and Audrey Christine to Nelson Johnston, sons of Mrs. Marion Johnston. Marriage to take place on Saturday, June 25, 1977 at 6:30 p.m. at the Minden United Church. Dance to follow at the Minden Community Centre at 8:30 p.m. Friends and Relatives welcome.

Thank-You

FADER - The family of the late Alfred Fader would like to express our sincere thanks and appreciation to relatives, our dear friends and neighbours for their cards, flowers, acts of kindness and contributions during the loss of our beloved husband, father and grandfather.

Special thanks to the Ross Memorial Hospital, doctors and nurses.

Also thanks to John Welch and Son Funeral Home, Minden for their special thoughtfulness and kindness and to Capt. Senical for his comforting message and the Salvation Army Corp. of Lindsay.

No words can express the full measure of our appreciation.
God Bless you all.
Beatrice Fader and family

HELLEMS - I would just like to say thank you to all my friends and relatives, over 250 guests from all

Rodeo Day was held at Extensicare last Friday. The events featured a dart throw

shown here, and other competitions. Residents could participate for free.

The occasion also provided a chance for the use of a new barbecue.

Swimming area

that only a couple of families will be using it for swimming. "That's the intention," he said.

"We'll just bid our time," commented Mrs. Lee, "but if there's any trouble we'll be going to Queen's Park."

Mr. Fearrey replied, "That's your prerogative." "As far as we're concerned it's just an eyesore," concluded Mrs. Lee.

From the Chamber

BY BOB STINSON

John Eakins said "I've worked hard, damn hard, to do my best for the people of my riding, and I trust the voters will remember my hard work when they go to the polls on June 9th." The Chamber has been in a position in which we have been well aware of just how hard John has been working and can certainly say that John was by no means bragging when he made the above statement. We are, therefore, very pleased to see that the voters of Haliburton-Victoria did appreciate his hard work when they went to the polls, and we offer John our sincere congratulations, on his re-election. His worthy opposition need feel no shame in losing to such a formidable opponent as John Eakins. Now that the election is over we can now get back to hammering away at the government to get on with the job.

Nila Reynolds recently contacted us for pictures and background information for an article she was writing for a newspaper called "Early Canadian Life". This very interesting paper is packed with all kinds of news from the world of art and crafts with features on interesting place to visit, hobbies, etc. The section contributed by Nila Reynolds explains not only a great deal about our past heritage but also covers items of our current considerable appeal. It is an excellent newspaper and an excellent article written by Nila which can proudly say is one more piece of excellent publicity for the Highlands.

The new hours have been set for the summer for the Chamber Welcome Centre at Minden. Beginning Friday, June 17th and throughout the summer the office will be open 7 days a week at the following hours: Fridays 10 a.m. to 9 p.m., Sundays 11:30 a.m. to 4:30 p.m., and all other days 10 a.m. to 7 p.m. This week because both Elaine and Jackie are attending a course in Peterborough, the office will be closed on both Wednesday and Thursday.

The Manager is off to school this week also. This is the second year in attendance at the Canadian Institute Association Management at Western University in London. We found last year's one week course extremely informative and helpful and this year's advanced curriculum should be even more so. So, when we see you next week we should all be somewhat brighter but probably rather tired.

Bernice and Gord Lydiatt have recently purchased Silver Birch Resort on South Lake. Gord still works

Letters

The municipality already maintains the Rotary Beach and I can see no reason why the tennis courts, which are right there should not be included in this park area.

As there are already in existence two clubs with scheduled times playing on these courts, I see no real need for another. Public playing time is restricted enough as it is. A clubs first concern is for its' members, so how can it possibly be fair to the rest of us?

It was the people of this community who put those courts there through supporting the Rotary. It's one of the few recreational facilities available to everyone in this municipality at such a small cost: the price of a racket. It would be a shame to see this change, and it is up to our municipal council to see that it doesn't.

Sincerely,
Doreen Braham

To the Editor:

Gravenhurst, Ontario, was incorporated as a village in 1877. This means that we are celebrating our Centennial in 1977.

We know that former residents and friends of our town are scattered across Canada and around the world. We invite them all to join us for a Grand Reunion on Friday, July 1, the beginning of our Old Home Week. For more information, please write Centennial, Box 2132, Gravenhurst, Ontario, POC 1G0.

Thank you for the use of your space.

Yours sincerely,
Cyril Fry,
Chairman,
Centennial Committee

from page 4

Dear Mrs. Finlay:

This is to acknowledge receipt of your letter dated April 26, requesting that the boundary for Northern Ontario, as defined for purposes of the passenger vehicle registration fee reduction program introduced in the recent Ontario Budget, be extended to include the County of Haliburton.

The present boundary for this program was decided upon after careful consideration of all the other Government programs and established geographical boundaries affecting the North. As it stands, the boundary for the car registration fee reduction program is consistent with those areas under the geographical jurisdiction of the new Ministry of Northern Affairs. Furthermore, all the areas included in the program fall within the two major economic regions of the North. As you can see, the decision to utilize this boundary line was based on already established and known lines of demarcation.

I am sure you can understand that the Government must adhere to an established line of eligibility for this program of assistance. Otherwise, continued extensions would result in a prohibitive cost to the Government and would complicate the administration involved.

I trust that I have satisfactorily provided you with reasons for the present boundary.

Yours sincerely,
W. Darcy McKeough,
Treasurer of Ontario

OTTAWA and SMALL BUSINESS

Even if you don't know another thing about organized labour in this country (a condition which could well qualify you for a prominent position in the ranks of Labour Canada), you are undoubtedly aware that the Canadian Labour Congress has an unequalled grip on the labour movement. As an association of most trade unions, the CLC represents the majority of organized workers.

An important CLC function is government lobbying. The unfortunate October 14th Day of Protest against wage and price controls was one example of the organization's efforts to mould society along big labour's lines.

Political action groups like the CLC lay out millions of dollars to influence governments. Even if their campaigns fail, these groups are expected to pay their own way. That's why a recent announcement from the federal Department of Labour comes as such a shock.

for Cliffside as a heavy equipment operator but is looking forward to the time he can spend full time on the property. The business was closed when they took it over and they have been working hard to re-establish it. They now have nine cottages ready for operation and a number of trailer sites. We do hope you will all welcome Gord and Bernice to our business community.

Our first breakfast seminar last Wednesday was attended by 15 local business people, Alma Pope from Barrie gave a very interesting presentation on Personnel Management and all felt it was time well spent. During the presentation Alma read a list of characteristics that identify difficult employees. Some employers have found that by posting this list for employees to read they will consciously avoid being identified with any of the faults that are listed. A number of those present therefore felt it would be worthwhile to reprint this list in the column for those that may wish to make use of it.

Along with difficult guests we often have to deal with difficult employees who blame others for their shortcomings.

Those who always insinuate things about others. Those who are always picking faults in others. The "Gold Bricker" who won't do his or her share of the work.

The "Apple Polisher" who tries to keep in "good" with the boss at the expense of others.

The trouble maker who tries to set one employee against another.

The sensitive one who is always imagining insults or slights.

The "Crabbers" who always have to have something to complain about.

The "Always Late" whom others have to fill in for.

The "Arguer" who must disagree with everything said.

Those who are against anything new on general principles.

All of these are childish, immature attitudes, but people who act this way can destroy the harmony in any group of employees. Sometimes they are leaders who can win others to their way of thinking, and set one half of the employees against the others.

My Appreciation

To the many wonderful people who worked on my behalf and supported me at the Polls.

I look forward to working on behalf of all citizens of Victoria-Haliburton Counties.

If I can be of assistance, do not hesitate to contact me.

JOHN EAKINS

TOWNSHIP OF GLAMORGAN

By virtue of the authority vested in me, I hereby declare the week of June 19th to June 25th, 1977 as Senior Citizens' Week in the Township of Glamorgan.

Senior Citizens' Week is June 19-25.

This is what Ontario's Senior Citizens are doing to help all of us, all year.

During Senior Citizens' Week, Ontario is calling everyone's attention to the contributions and needs of our province's seniors.

Talent doesn't retire. Senior Citizens have a wealth of knowledge and experience to share with future generations. They are enriching the cultural life of the province by participating in every aspect of Ontario's artistic activities. They are also coaching sports, teaching, driving other senior citizens to appointments, assisting them to fill out income tax returns, and serving in many other different ways.

Ontario is helping our seniors do things for themselves even while they do things for others.

There are over 1000 senior citizens' clubs and 90 senior citizens' centres in Ontario.

Special grants and other assistance are enabling older people to return to school and university.

Health services, financial benefits, tax credits and alternative types of housing have also been made available to seniors.

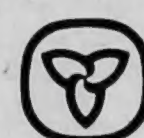

A Senior Citizens' Privilege Card entitles them to special privileges at many cultural institutions, tourist attractions, places of business and transportation.

Two free booklets, "Ontario Benefits for Senior Citizens" and "Where to Use Your Ontario Senior Citizens' Privilege Card," offer specific information about where and how to enjoy programs and services available to senior citizens.

For your free copies, contact your local Ministry of Community and Social Services office, or write to:
